Monroe Fire District #3 Responds to School Bus Incident

Monroe, WA—At 8:37 a.m., Monroe firefighters responded to the area of Trombley and Butler Roads for a report of an occupied school bus in a ditch. Upon arrival, crews found the bus off of the roadway with 63 children and one driver on board. With the exception of one child who was transported to Valley General Hospital with potentially minor injuries, all children, including the driver, were uninjured.

A replacement school bus picked up the children from the Trombley Road incident and transported them to school.

The cause of this incident is currently under investigation by the Snohomish County Sheriff's Office.
